<u>Graduate Council Agenda</u>

March 26th, 2024

Welcome

Curriculum Committee – Tai Collins

- Updates: Endorsements at the state level, upcoming program reviews, curriculum coaching resource (contact Brady Wright)

ORCID – Rose Marie

- Encouraging students to set up ORCID to track research. May consider Bearcat Portal (starting spring 2025) for notifications.
- Grant training program: $2,500. Sponsoring 10 students. NIH currently and NSF track incoming

Elements Demonstration – Emily Kregor

Discussion: How to get student and faculty buy in? Especially non-research related groups.

- LinkedIn, Marketing, Performance Reviews (showing grad student productivity), welcoming other ideas

Dental/Vision for Students – Rose Marie

- More grad students on SHI than undergrad
- Students were in support, most everyone else voted no. Only approved one preventative visit.
- Changed prescriptive plan

Stipend Increases (benchmarking, areas of growth) – Rose Marie

- Awards and Compensation Committee: Megan – working with Sarah and committee to look at competitors, starting with doctoral funding questions. Go
- Discussion: Some colleges have existing data which they include in their GPRs/competitiveness research; demographic data (affordability); competitiveness and retention (students looking at other students); GSG data; consider how unionized student groups gathered their data;
- PD funds from Grad College
